

Microphone

TS-301DM

Specification:

Model	TS-301DM
Transduction method	Condenser microphone
Microphone pole	Single microphone pole
Frequency response	50Hz-18kHz
Directivity	Supercardioid pattern
Output impedance	1200Ω Balanced
Sensitivity	-35dB
SNR	65dB
Maximum SPL	135dB
THD	1%
Microphone length	220mm
Base size	145×110×47mm
Power voltage	48V Phantom power
Net weight	1.7kg
Status Indicator	After turning it on, the indicator light of the button and microphone rod will be green.
Others	Iron base, anti-mobile phone, electromagnetic, high frequency interference
